The diagram shows a building footprint composed of two rectangles. The smaller rectangle on the left has a width of 14 and a height of 16. The larger rectangle on the right has a width of 51 and a height of 28. The total area is calculated as 988 sf, which is the sum of the two rectangles' areas: $14 \times 16 = 224$ sf and $51 \times 28 = 764$ sf. The diagram also includes labels for 'UST' (Underground Storage Tank) and 'BAS' (Basement) with their respective areas: 708 sf and 235 sf. The dimensions are color-coded: red for the smaller rectangle and blue for the larger rectangle.
